

Welcome to the Cache Odyssey!

What is Cache Odyssey?

Cache Odyssey is a thrilling, nationwide geocaching journey like no other! Conceived by some of the top cache hidiers in the U.S., this adventure brings a **unique, highly creative letterbox-hybrid** geocache to **every state**.

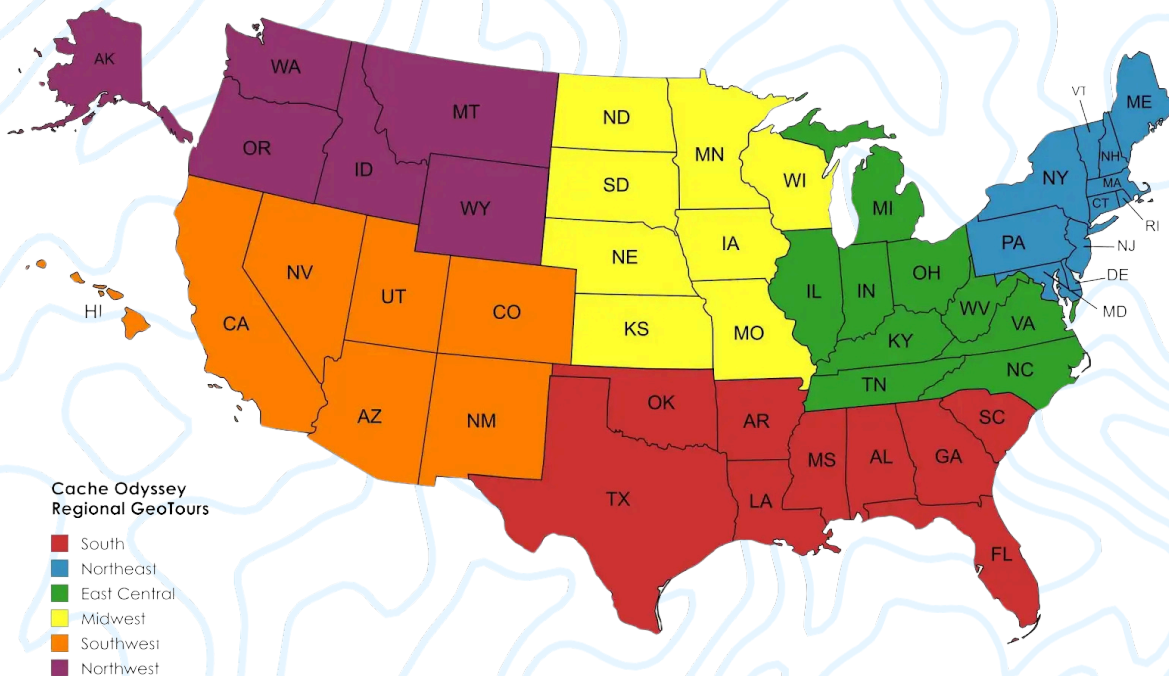

These caches are designed with **everyone in mind**—from seasoned explorers to families with kids, and especially those geocaching in wheelchairs. Every cache is built to be fun, imaginative, and **100% accessible to all**.

Where Can You Find Another One?

Here's the best part—there's a Cache Odyssey hide in **every state**! That's right! From coast to coast, every state in America is part of this grand adventure. Once you track down the one closest to you, why stop there?

This cache is part of the Northwest Region Geotour. There are six exciting GeoTours making up this series which include a total of 50 accessible geocaches.

Cache Odyssey
Regional GeoTours

- South
- Northeast
- East Central
- Midwest
- Southwest
- Northwest

Name/GeoNick: _____

How it works:

- Sign up and log in to www.geocaching.com.
- Find the “Cache Odyssey GeoTour” by clicking ‘Play’ then ‘GeoTours’.
- Read the GeoTour information. You will need a GPS or a phone to locate each geocache.
- After finding the container, use the stamp to mark your passport or trail log. Be sure to sign or stamp the log book inside the container, as well.
- Leave the cache how you found it and head off to the next find!

Good luck and happy geocaching!
